incite fire

Bases
BEACON-WB-W, BEACON-WB-R
Deep Base White + Red

The bayonet base has been designed to allow a common mounting for the Fulleon conventional alarm product range. The deep base caters for surface wiring of all types and provides ingress protection up to IP65.

Features

- Design registered bayonet base
- Locking facility on all versions
- Protection up to IP65
- Concealed wiring

Benefits

- Allows a common mounting for Fulleon's conventional alarm products
- Robust design
- External use in areas of high humidity
- Allowing installation with minimum impact
