

## SMOKE-TESTIFIRE TS3

### Testifire TS3 Smoke Capsule

The Testifire TS3 Smoke capsule generates its own non-toxic smoke stimulus using heat and a specially formulated fluid, supplied in a safe, non-pressurised, replaceable cartridge.

## SMOKE-TESTIFIRE TC3

### Testifire CO TC3 Capsule

Unlike pressurised CO canisters, the Testifire CO TC3 capsule generates its own CO stimulus on demand from activated carbon supplied in the capsule without the need for pressure or stored Carbon Monoxide.
