STI Steel Web Stoppers®

STI9601

KEY FEATURES

General Information

· UL Listed Protectors for areas where abuse to smoke detectors is severe.

. Three year guarantee against breakage in normal use.

Design

· Models to fit virtually all smoke detectors available.

· Steel Web Stoppers have corrosion resistant plastic coating (stainless steel models have no coating).

Construction

· Patented (D368,670) web-like octagon shape of heavy-duty coated steel wire makes them extremely difficult to break.

Installation

· Fast and easy installation.

· Simple removal for servicing of devices.

Options

· May be spray painted once prior to installation to match decor.

· Stainless steel versions available for flush or surface mount on selected models..
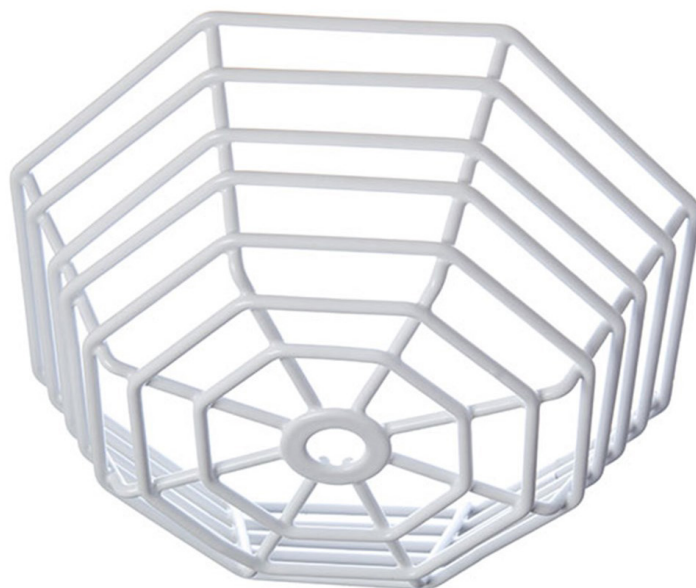

PRODUCT OVERVIEW

UL Listed Protectors for areas where abuse to smoke detectors is severe. Patented (D368,670) web-like octagon shape of heavy-duty coated steel wire makes them extremely difficult to break. They are constructed of heavy-duty steel wire with corrosion resistant plastic coating or heavy-duty stainless steel wire. Together, they cover virtually every smoke detector model available. These Steel Web Stoppers are backed by a three year guarantee against breakage in normal use. Installation and servicing are easy with models for both flush and surface mounting. Highly recommended for areas where abuse to smoke detectors is severe.

STI Steel Web Stoppers®
