

Manifold

SEC-MF4-25-ABS

With the Manifold, four to eight intake lines can be routed to one ASD.

The Manifold is plugged onto the inlet of the ASD housing. Due to the conical shape of the inlet and the precise fit, the self-locking connection is tight.

No adhesive is required.

Technical data

Operating temperature:	-30 °C to + 60 °C
Weight of basic version:	250 g
Dimensions (H x W x D):	166 x 105 x 54 mm
Material:	PC / ABS
Colour:	Anthracite violet (RAL 300 20 05)
